

Social Media Recap: #AccessDenied Campaign

Starting in October, DRI launched a five part series called #AccessDenied. The series followed Zach as he went around Des Moines to banks, coffee shops, and barber shops and pointed out the many places that were not accessible to him in his wheelchair. Zach discusses the Americans with Disabilities Act and the legality behind certain buildings not being accessible. To watch the series [visit DRI's Facebook page](#) or DRI's [YouTube account](#).
